- supplements below, hiding something much deeper.
- thank you for your assistance and understanding.

Ref.: TCR index attached.

The TCR, I didn't know there was an Award attached to it until like the 4th report I filed—

That's almost 1 billion lost in a day with no possible way to halt trading...

— very dangerous people indeed, these ZUCKERS, just continue to canvas like there's nothing going on but they can't change the rules and make others (all others) have to second guess before making an informed decision about their compliance procedures.

Not allowed, and I lose count after one life sentence, to be honest— at that point, and after the annex their beach of USC 18.21 in a NY Supreme Court, I am baffled they are in fact attorneys at all, all all times willfully and knowingly abused the courts, it's laws and the constitution, notwithstanding the 40 Act and the sarbanes-Oxley, certified and filed with the SEC in both CIK 93715 and CIK [1516523](#).

This invites others into their mess, which is entrapment and would create a broad and lose environment where young bucks can print out a piece of paper and obtain a loan for \$6,000,000.00 from a life insurance Company: State Farm... gone.

CIK filer 93715 then lost the greater of 10% of its market cap in a single trading session under the new CIK [1516523](#), also failed to include the correct sec filer number in their initial application.

However as directors filed their payments, which satisfy payments and conditions that violate USC 18.215, 18.2, and several other felonies under the US Code, as accessories was aided and abetted by their counselors, and the counselors of Sullivan Properties LP as those attorneys notarized and filed at all times throughout those proceedings to avoid a certain deluge— to obtain a loan for \$6 million dollars used false/incorrect information filed with the NY Dept of Finance for the ordinary person to understand as well.

Mr. Monk Jr,
Mr. Moore,
Mr. Paul J Smith, et al

—also covered the scope of USC 18.225, USC 18.21, and USC 18.2 for extending a line of credit for \$6,000,000 to Sullivan Properties LP and it's subsidiaries Sullivan GP LLC was notarized by Donald Zucker on May 13, 2020 and filed prior to the semi-annual by the directors of State Farm under CIK 93715.

Lost the greater of 10 percent under CIK filer [1516523](#) and without any public knowledge by the old investors or new subscriptions sold mysteriously while not covered for omissions by its directors and promoters, which is why the extent of damages is still not understood by the parties involved in NYSCEF matter 153974/2020— which is why I insisted they turn themselves in as an attempt to show any sign of fair dealings and in good faith, maybe will get a discount on their term life and restitutions, notwithstanding a potential avoidance of a life sentence without having to further avoid to the inevitable effects. I can't allow it to trickle over to the markets, you can't make an informed decision without knowing the rules, so it has to be shared.

That's where the regulators come in, it's their job..
They just keep throwing others in the path they dug out for themselves.

There is no limit to what others can use, uncover at-will and without market transparency, you're effectively fostering the behavior.

Gotta go, hopefully they take my advice before they burn down all those regulations we all have to play by, there is no exemption from the Law, sorry.

Attached is a file with all of the relevant tax receipts, loan documents and the sec Edgar files during and after a merger, to spare you some of the other details.

It's not about the money, never was... it's principle.
- not my style either.

You can't pick and choose who has those rights either... champ, can't cross those state borders either. It's life and then some, USC Code 18.225 continuing financial crimes, minimum ten years, \$10MM/ individual and \$20MM/CORP.
