This is to confirm receipt of the email that you sent to the Division of Corporation Finance at ShareholderProposals@sec.gov. If your email contains a no-action request pursuant to Rule 14a-8, we will begin processing it as soon as possible. If you intended to send your email to the Division of Investment Management, please re-send it to IMShareholderProposals@sec.gov to ensure the most efficient processing. If you are submitting a tip or a complaint regarding suspected securities fraud or wrongdoing, please use the SEC's online TCR system and complaint form at <https://www.sec.gov/tcr>.

Please note that after the staff completes its review of the company's submission, the staff will notify both the company and the proponent by email, and we ask that you please provide the staff with an email address for both parties for this reason. In addition, our responses will also be posted when available in our Shareholder Proposal No-Action Responses Chart available on our website at [Shareholder Proposal No-Action Responses \(sec.gov\)](#).
