Hey Ricki, when a b-114 shoots sidewinders it doesnt ask permission for a 30 million dollar note. This is two banks with imaginary accrued interest and 1.7 billion in registered losses and stock manipulation STFGX check the drop in a single DAY on December 21,2021. On the 22nd, thos sgo character turned off my email tobprevent me from contacting regulators. Now what was discussed in that email after it was received on December 22, 2021.

Who decided to stop the peice at \$106?? Any change in holdings filed, or material change in assets with the SEC?

Nothing. Its manipulation and bank fraud after the fact and the felonies as referenced in the Violation of Privacy in NYSCEF 153974/2020.

Were they trying to figure out how to hide imaginary bank interest accrued on imaginary rent rolls filed with the NY Department of finance? With CIK filer 93715 or CIK filer 1516524?

Or planning the additional \$600,000 misfeasant petition filed and other case being filed by Shari Laskowitz on 9/23/2020.

You think they will knock or ask permission, before they drag you out of your house--- or wait until you set in a court room. It makes no difference to me, until your in Prison- you whole firm is at risk.. you cant hide from me after not allowing me the right to a fair trial either...

They have all of your information already, and they in fact. Port into the FDIC as well. --- if that was what you were hoping for.

I got stars in the ceiling --

August 29, check yourself before your kids ask you about it Ricki.

Your firm is not going to be walking into a court room in America without these papers files with the judge, jury and the bailiff.

So good luck with your \$6MM loan and the \$600K on 9/23/2020 filed as well. I will hit everything from New York to Los Angeles until you are in Prison... not jail. Prison.
