Ref.: TCR index attached.

The TCR, I didn't know there was an Award attached to it until like the 4th report I filed—

That's almost 1 billion lost in a day with no possible way to halt trading...

— very dangerous people indeed, these ZUCKERS, just continue to canvas like there's nothing going on but they can't change the rules and make others (all others) have to second guess before making an informed decision about their compliance procedures.

Not allowed, and I lose count after one life sentence, to be honest— at that point, and after the annex their beach of USC 18.21 in a NY Supreme Court, I am baffled they are in fact attorneys at all, all all times willfully and knowingly abused the courts, it's laws and the constitution, notwithstanding the 40 Act and the sarbanes-Oxley, certified and filed with the SEC in both CIK 93715 and CIK 1516523.

This invites others into their mess, which is entrapment and would create a broad and lose environment where young bucks can print out a piece of paper and obtain a loan for \$6,000,000.00 from a life insurance Company: State Farm... gone.

CIK filer 93715 then lost the greater of 10% of its market cap in a single trading session under the new CIK 1516523, also failed to include the correct sec filer number in their initial application.

However as directors filed their payments, which satisfy payments and conditions that violate USC 18.215, 18.2, and several other felonies under the US Code, as accessories was aided and abetted by their counselors, and the counselors of Sullivan Properties LP as those attorneys notarized and filed at all times throughout those proceedings to avoid a certain deluge— to obtain a loan for \$6 million dollars used false/incorrect information filed with the NY Dept of Finance for the ordinary person to understand as well.

Mr. Monk Jr,
Mr. Moore,
Mr. Paul J Smith, et al also covered the scope of USC 18.225, USC 18.21, and USC 18.2 for extending a line of credit for \$6,000,000 to Sullivan Properties LP and it's subsidiaries Sullivan GP LLC was notarized by Donald Zucker on May 13, 2020 and filed prior to the semi-annual by the directors of State Farm under CIK 93715.

Lost the greater of 10 percent under CIK filer 1516523 and without any public knowledge by the old investors or new subscriptions sold mysteriously while not covered for omissions by its directors and promoters, which is why the extent of damages is still not understood by the parties involved in NYSCEF matter 153974/2020— which is why I insisted they turn themselves in as an attempt to show any sign of fair dealings and in good faith, maybe will get a discount on their term life and restitutions, notwithstanding a potential avoidance of a life sentence without having to further avoid to the inevitable effects. I can't allow it to trickle over to the markets, you can't make an informed decision without knowing the rules, so it has to be shared.

That's where the regulators come in, it's their job..
They just keep throwing others in the path they dug out for themselves.

There is no limit to what others can use, uncover at-will and without market transparency, you're effectively fostering the behavior.

Gotta go, hopefully they take my advice before they burn down all those regulations we all have to play by, there is no exemption from the Law, sorry.

/s/ BO DINCER

Attached is a file with all of the relevant tax receipts, loan documents and the sec Edgar files during and after a merger, to spare you some of the other details.

It's not about the money, never was... it's principle.
- not my style either.

I'm trying to help them to turn themselves in having accrued over 100 years of minimum sentences in my pad, without looking at the OX.

As individuals, not combined.. and their Corporations each have managed to win a \$20 million dollar fine, and \$10 million each as individuals under one section alone...

At least think about the integrity of the market participants before you lead them to believe this as a laissez fairer Investment Adviser community also?

Listen don't believe it, because in a way— it's entrapment .. so don't ever bring yourself to that low of a point.. or around the investment community at all. Ladies and gentleman, you already know it, but even if they slipped the cuffs for two years, it's a guaranteed long term sentence and serious fines.

This Zucker group:

must be on the "check your zipcode program" if you believed otherwise... lord have mercy they will not even claim their own zipcode to avoid prosecution.

- I don't care about the money at all, they are going to cause misleading information and false pretenses onto the few and found, or all of them. If you ask Shari, you will put her away for life as soon as she opens her mouth.

Look, I promise:

They have your home address, and you can trust me I helped them out with something about ten years ago... I know how to simplify, iceberg and I will move whatever, and in one afternoon if properly equipped, call em up!

#gocards.

Those are minimum terms, not controversial. Minimums, double digits... as in $18.21 + 18.225 + 18.2$ is a guaranteed long term sentence, add those number up and divide it by the log base 21 of two for a lower bound, would be my guess for a merciful combine. Unfortunately, there are several of them for each of you.

USC 18.2, USC 18.225, covered

follows the continuing financial crimes benchmark of \$5MM by one million, which means you qualify.

Moved on to invite three public audit firms who purported charged \$9000 to complete a merger?

I tried to change the caption and even put their 90-day termination clause in the docket, and was instructed NOT to contact the regulators? Sure thing, trust me - you are facing a life sentence.

— under the crown.

While you think about that...

if you ask ANY person, will PWC file your taxes (personally, not for a \$11 billion dollar Corp) for \$9000.00, they will tell you \$15,000 FIRM. Something like that, got it?

So turn yourself in, and get off the sauce

- you must be crazy and if I have something else to say, you're going to end up worse, worse than State Farm (CIK 93715) which has exactly ZERO assets under management. I sent your counselors a warning letter on the 3rd of June in 2020 and you filed a frivolous suit two days later, and moved even quicker once I filed the loan dockets, your no means to collect legal rents which under USC 18.21, qualifies you for a tier 1 sentence from the get.

Left with exactly:

\$0.00 in US dollars,

not some BS currency the ZUCKERS live and swear to, those receipts are filed in the public NY Dept. of Finance, attached for your convenience.

Thank goodness I found these other people in the BCC that I just met yesterday, and like clockwork - Not my business other than to make sure these maniacs understand they are NOT THE LAW and there is no dollar value that will protect the industry from a laissez-faire hedge fund industry. You can't sell heroin and custody the cash at a bank either, it's also unlawful per the FDIC.

Thank goodness also, they believe that

Governor Hochul NEVER checks or monitors her email.. boy oh boy, what on earth would happen if she looked at the short list I addressed, like the big-4, for example.

Good luck!

Trust me, turn yourself in...

you are (as a group) facing a life sentence, and I don't really care other than if one of these folks in addressed decided to test the waters of regulation in the interim, you all have done enough damage as it is, and I would hate to see anything happen to the good ones, thinking it's OK to commit several counts of securities fraud, stack up a few felonies and breach the OX - those are 20-40 year minimums for each count in certain sections, like USC 18.225 has a minimum 10-year term, but combined ... you'll be lucky if you get fewer than Bernie.

If they ask me a question, the typeface looks different, provided that I am afforded a fair trial, so go for it, but don't invite that onto the others. All of them...

You can't pick and choose who has and doesn't have the correct information... which is why they all should be incarcerated to not cause a risk to society.

Ok, carried that interest proper for gross negligence for two years... not the two year.. two years. Carried interest is another \$50,000,000.00 in interest champ, before fines.

Child pornography, maybe? I don't what other videos they have...

Listen Shari, those are REAL charges...

Just like your tax receipts you represent for the group at 101 west 55TH street, together with Ashley in NYSCEF matter 153974/2020.

Funny, they work in the same building, 150 East 42nd street.

Remember, love where you work! And don't worry, the god cop bad cop thing... is only in movies 🤡

Ok it's illegal to be an accessory to those crimes as well, his attorneys and employees all got serious time.

Just turn yourself in, after two years..
It's a "good faith attempt" to save the integrity of the market, for starters..
